FORWARD MOVEMENTS

The rise of the smart watch suggests a new kind of luxury timepiece.

Small Wonders

HERE'S A COLLECTION OF HOWE, BVLGARI, AND BVLGARI'S FANCY WATCHES ON A BLACKITE BAND.

NEW OLD-TIMERS

The first automatic chronograph returns—and other old-heritage watches.

Time Flies

Time flies when you're having fun. And the luxury watch industry is no exception. As the industry grows, it's also becoming more diverse. From the classic to the modern, the industry is embracing a wide range of styles and materials. This is a good thing, as it allows consumers to find a watch that truly reflects their personality and lifestyle.
