PRETTY-EYE PICKS

EVERYTHING YOU'LL NEED TO GIVE YOUR EYES A BEAUTIFUL BOOST.

Eye Creams
 The best eye cream is the one that works for your skin type. Look for ingredients like hyaluronic acid, peptides, and antioxidants to hydrate and protect the delicate skin around your eyes.

Eye Drops
 If you're looking for relief from dry, itchy, or irritated eyes, eye drops can be a game-changer. Look for preservative-free formulas with soothing ingredients like aloe vera and chamomile.

Eye Makeup
 From mascara to eyeliner to eyeshadow, there's a lot of eye makeup to choose from. Look for formulas that are long-wearing, smudge-proof, and easy to remove.

Eye Masks
 If you're looking for a quick fix for tired, puffy eyes, eye masks can be a great option. Look for masks that are infused with soothing ingredients like cucumber and tea tree oil.

Eye Brushes
 If you're looking for a more professional look, eye brushes can be a great investment. Look for brushes that are made from natural bristles and have a soft, tapered tip.

palette pleasers

Satisfy your craving for classic, endless number of looks with these sweet sets for eyes and cheeks. BY KERRY COLLINS

5 THINGS WE JUST LEARNED
 1. **Less is more.** The best palettes are the ones that have a few key shades that can be mixed and matched to create a variety of looks.
 2. **Quality over quantity.** It's better to have a few high-quality brushes than a lot of low-quality ones.
 3. **Invest in a good palette.** A good palette can last for years and give you a lot of looks.
 4. **Don't be afraid to experiment.** The best looks are often the ones that are a little bit different.
 5. **Have fun!** Makeup is a creative outlet, so don't be afraid to try new things.
